**Session: Jan -May 2020**

**WEEKLY REPORT**

<b>Week No:07</b>		
<div style="display: flex; justify-content: space-between;"><span><b>From: 24/02/2020</b></span><span><b>To: 29/02/2020</b></span></div>		
<p style="text-align: center;"><b>Details of Work done</b></p> <ol style="list-style-type: none"><li>1. Created a profile form for the front end using django model forms for allowing users to update their profile in order to become a petlover.</li><li>2. For updating created another form where the fields from profile model were imported so that user could insert all the data required for him to become a pet_lover to become sitter,walker and trainer.</li><li>3. All the data can be easily entered by the user and it can be seen in the database.</li><li>4. Also whenever the user is updating messages would appear stating your profile has been updated.</li><li>5. Link to the detail view of other users profile pending , working on it by trying out different class views provided by django such as list view update view and detail view.</li></ol>		
<div style="border-top: 1px dotted black; margin-bottom: 5px;"></div> <b>Signature of Internal Guide with date</b>	<div style="color: purple; margin-bottom: 5px;">(If Applicable)</div> <div style="border-top: 1px dotted black; margin-bottom: 5px;"></div> <b>Signature of External Guide with date</b>	<div style="border-top: 1px dotted black; margin-bottom: 5px;"></div> <b>Signature of Chairperson with date</b>
